

**Calibrator/Sponge Catcher with 8mm  
Air Hose Attachment & 1.5m 8/4mm Microduct****Product Description**

---

A metal catcher designed to expel the air from the microduct, allowing the calibrator/sponge to be blown through and caught safely, minimising any risk to the installer.

**Application**

---

For use on the calibration and testing of the 8mm microducts.

To lengthen the life of the 8mm catcher and air hose adaptor, it is advisable to keep a stub of 8mm microduct in the adaptor and use a normal 8mm connector coming from the stub of 8mm to go onto the microduct to be tested.

**Packaging and Labelling**

---

- 1 x calibrator and sponge catcher
- 1 x 8mm air hose attachment
- 1 x 1.5m 8/4mm green microduct (to be used with catcher)
